USTAZ DR MUHAMMAD LUKMAN IBRAHIM
In line with its vision to offer a superior passenger experience and improve environmental performance through a modern and state of the art wide-body aircraft fleet, Emirates has retired the last Airbus A330 and A340 aircraft in its fleet from active service. This makes Emirates the first and only airline in the world to operate a fleet of all Airbus A380 and Boeing 777 aircraft for its passenger flights.

Emirates recently retired A6-EAK from operational service. The aircraft was the last of the 29 Airbus A330 aircraft that had been operating as part of its fleet. A6-EAK joined Emirates in 2002 and had flown for over 60,000 hours travelling close to 45 million kilometres in 14.5 years. That distance is equivalent to almost 60 return journeys between the Earth and the Moon. Emirates has also phased out A6-ERN, the last serving Airbus A340 in the fleet which had joined the airline in 2004, originally manufactured in 1999.

For the calendar year 2016 Emirates will have taken delivery of 36 new aircraft - 20 Airbus A380s and 16 Boeing 777. This also includes the next generation Boeing 777-300ER aircraft - with upgraded business class seats and other features including a lower fuel burn ratio - to be delivered from November 2016.

Emirates is currently the largest operator of the Airbus A380 and Boeing 777 aircraft with 85 Airbus A380s and 160 Boeing 777s in its fleet. Out of the 234 aircraft worth over USD 112 billion that Emirates has in its order book, 150 will be the new Boeing 777X aircraft that will be delivered starting 2020.

The aircraft will feature a range of passenger focused amenities on board including larger windows, higher ceiling, and a wider cabin in addition to being more fuel efficient than older aircraft.

Earlier this year, Korean Air launched new flight services from Seoul Incheon International Airport to Okinawa, Japan’s southernmost prefecture, from May 5th 2016 which is the 16th destination in Japan for the carrier.

Korean Air operates daily flights on Incheon-Okinawa route, utilizing Boeing’s B777-200 aircraft seating 248 passengers. Operating every day, flight KE735 departs Seoul/Incheon at 3.30pm and arrive in Okinawa at 5.55pm the same day. The return flight KE736 departs Okinawa at 7.05pm and returns to Seoul/Incheon at 9.35pm the same day.

The new Korean Air flights to Okinawa brings convenient access to this southern region of Japan rich in touristic resources, including Shuri Castle, which is a registered UNESCO World Heritage Site. It’s also the place to discover the Nakagusuku castle ruins, incredible limestone caves and some of the world’s most colorful coral reefs.

The addition of Okinawa to the route network brings to 16 the number of Japanese destinations served by the airline. Korean Air also has daily codeshare flights with Jin Air, with flight KE5217 departing from Seoul/Incheon at 10.15am and arrive in Okinawa at 12.30pm the same day. The return flight KE5218 departs Okinawa at 1.30pm and returns to Seoul/Incheon at 3.45pm.
MEETINGS AND EVENTS

Borneo Sarawak
A variety of delight awaits as you roam around greater Kuching (in Malay, the word ‘Kucing’ means ‘Cat’), the capital city of Sarawak, Malaysia Borneo. This quest brings you the sleekness of the corporate world in tandem with the wild reality of orangutans in the rainforest and a chance to be part of the tribes. Spoilt for choice, there are 27 main tribes to choose from!
Arrive at Kuching International Airport where a Tribal Leader will welcome you. Then, head to the Centre of Cat City and check into your hotel. At noon, experience the Heritage Discovery Adventure, a perfect introduction to Sarawak’s historical past. After this informative three-hour tour, Journey to the Mighty Yellow Streak will allow you to witness all aspects of traditional life by the great Sarawak River and the city. In the evening, enjoy a welcome reception themed “A Night at the Museum” where an impressive collection of Sarawak’s wildlife, ethnographic artefacts and models of indigenous come alive.
Exciting moments are at hand today as you’ll get to meet Sarawak’s Man of the Forest at Semenggoh Wildlife Centre. This amazing “Wildlife Rehabilitation Centre” was established back in 1975 to rehabilitate injured or orphaned wild animals taken out from the jungles all over Sarawak. At noon, you will enter the Headhunters village by kayaking in a Rainforest. Paddle along rivers and get up close to ancient rock cliffs in a native habitat of the Bidayuh people who are also known as Borneo’s headhunters. In the evening, enjoy an array of fresh seafood at the city’s foodies hotspot; it is a popular dining destination for both visitors and locals alike.
DAY 3
BUSINESS ADVENTURE

Experience a Sarawak-Style meeting – corporate even planners can choose to have a full day meeting or product launch at the Borneo Convention Centre Kuching, or other venues such as Pullman Kuching, Hilton Kuching, Four Points by Sheraton, Riverside Majestic Kuching, Grand Margherita Kuching and many more. Unique venues are also available for you to choose; it depends on your event objectives. A Tribal Wisdom Speakers Program is also offered by Sarawak Convention Bureau (SCB) as a gift to your event, and to enhance and provide a motivational experience for the group. In the dazzle at the Rainforest Magic gala dinner.
Today is a special day. Walk along the picturesque Kuching Waterfront and perhaps do a spot of people-watching. There’s still time for some last-minute shopping for souvenirs and handicrafts. Have a nourishing breakfast with some good old fashioned Kuching fare at a local coffee shop. After special farewells, we wish you a safe flight back.
